Sam, we have received the request for revision of the site plan to convert the poles and fixtures to the Mitchell Open LED and will return it back to you as soon as it has been completed. I apologize that we are a little backed up due to the holidays and still working our way out of the hole.

Best Regards

Tony Ferguson

Hey Tony,

Can you update us on when this lighting plan can be ready?

The Town of Zebulon has agreed to grant us conditional Approval of the Construction Drawings while we wait for the updated lighting plan. They would like an email from you saying the Lighting Plan revisions have been requested and are being completed. Would you write back with that email so we can resubmit for Zebulon approval?

Thank you! Sam

Tony,

Please see the attached PDF. We received the following comment on the lighting plan from the folks at Zebulon. Is there any way to get the site lighting changed to the Mitchell Open LED's. We have had some slight layout changes since the lighting plan was produced so I've included an updated CAD file for the design.

Thanks,
Wade
