Plan Date/Revision Date: 10/2/2023 rev 12/5/2023; 12/21/2023

	The above-referenced erosion control and stormwater management plans have been reviewed and conditionally approved.
Approval Date:	 Please provide a copy of the Town of Zebulon construction approval once received. Provide a copy of the NCDOT approval(s) once received.
01/02/2024	
	The 7-Eleven convenience store\ gas station project is approved for on-site improvements with the maximum impervious surface area of 78,890 SF (1.81 acres) that has been dispersed over building, structures, pavement and sidewalks. The project shall provide stormwater control with the installation of one (1) stormwater wetland. See approved site data below.

Approved Site Data:

Permitted	Road (SF)	Lots (SF)	Other (SF)	Total (SF)
Impervious (SF)			78,890	78,890

Conditions of Approval
Items marked with an "X" were noted as conditions of the Stormwater and Sediment and Erosion Control Plan approval.

References for Stormwater Management are as follows:
ROLESVILLE : Town of Rolesville Land Development Ordinance <u>Appendix B: Flood Damage Prevention and Stormwater</u>
Management, Section 1.2 Stormwater Management_effective June 1, 2021.
WENDELL: Town of Wendell Unified Development Ordinance (UDO) Chapter 6: Environmental Protection, adopted 7/26/1
ZEBULON : Town of Zebulon, NC Code of Ordinances: <u>Chapter 151</u>

	1.	A mandatory preconstruction meeting is required between the owner, contractor, and Wake County prior to				
		issuance of the Stormwater and Land Disturbance Permits. Please call to schedule this meeting at your				
		convenience. Please contact Karyn Pageau to schedule the preconstruction meeting and please provide four				
		(4) full-size sets of plans prior to the meeting.				
\boxtimes	2.	Grading, other than for installation of soil erosion and sedimentation control measures, is prohibited prior to				
	۷.	the issuance of a Certificate of Compliance. [10-30-7(D)]				
	3.	Contractor shall follow plans strictly and maintain contact with Wake County prior to making any field				
\boxtimes		modifications to erosion and sediment control devices. No devices shall be removed without prior approval				
		from Wake County.				
		Wake County's sedimentation pollution control program is performance oriented, requiring protection of the				
		natural resources and adjoining properties. If at any time during the project it is determined that the Erosion				
\boxtimes	4.	and Sedimentation Control Plan is inadequate to meet the requirements of the Erosion and Sedimentation				
		Control Ordinance of Wake County, this office may require revisions in the plan and its implementation to				
		ensure compliance with the Ordinance.				
		As of April 1, 2019, all new construction activities are required to complete and submit an electronic Notice of				
		Intent (eNOI) form requesting a Certificate of Coverage (COC) under the NCG010000 Construction General				
		Permit. After the form is reviewed and found to be complete, you will receive a link with payment instructions				
		for the applicable annual permit fee. After the fee is processed, you will receive the COC via email. As the				
\square	5.	Financially Responsible Party shown on the FRO form submitted for this project, you MUST obtain the COC				
		prior to commencement of any land disturbing activity. The eNOI form and fee details may be accessed				
		at <u>deq.nc.gov/NCG01</u> . Please direct questions about the eNOI form to the <u>Stormwater Program staff</u> in the				
		Raleigh central office. If the owner/operator of this project changes in the future, the new responsible				
		party must obtain a new COC.				
\boxtimes	6. SUBDIVISIONS ONLY Builders are required to obtain grading permits for cumulative disturbance over					
(including non-contiguous lots).						
		COA - All Conditions of Approval (COA) must be completed and approved by Wake County prior to final plat				
		ignoff of the Certificate of Occupancy (C.O.) for future building permits. Items required prior to final plat or				
buildir	ig pern	nit approval are checked and listed below.				
	7.	As-Built Plans – Upon completion of required improvements, an as-built plan of required stormwater				
\square		improvements must be submitted (must indicate that stormwater improvements were constructed in				
		accordance with the approved plan).				
\square	8.	Maintenance Plan				
	\boxtimes	The developer must record and reference on the record plat, a maintenance plan providing instruction				
		a. about annual maintenance tasks and associated costs for at least a 20-year period.				
	\boxtimes	It will be the responsibility of the property owners' association or lot owner to update the maintenance				
		b. plan at least every 10 years.				
\boxtimes	9.	Maintenance Agreement				
		The developer must record and reference on the record plat, a maintenance agreement or restrictive				
	\boxtimes	a. covenant that sets for the property owners' association's or lot owner's continuing responsibilities for				
		maintenance, including how cost will be apportioned among lot owners served.				
	\square	The maintenance agreement must provide that the association and its individual members are jointly and				
	\square	b. severable liable for maintenance.				

	10.	All maintenance documents required must be submitted prior to record plat approval and must be referenced on the record plat. For developments not requiring record plats, documentation must be submitted prior to building permit issuance.			
	11.	Performance Guarantee – The municipality may not approve a record plat or issue a building permit until stormwater improvements required of the developer have been completed or a performance guarantee has been provided.			
Applic	able R	egula	tions		
\square	12.	12. Parties Responsible for Maintenance of Improvements			
		a.	The developer must maintain stormwater improvements until accepted by a property owners' association or lot owner. The developer must disclose which party will be responsible for continued maintenance on the record plat.		
		b.	Before improvements are accepted for maintenance by the property owners' association or lot owner, the developer must certify to the property owners association or lot owner and the county that improvements are complete and functioning as designed.		
		Enfo	prcement and Penalties		
		a.	Failure to complete required improvements or failure to maintain improvements as required by the approved plan are violations and subject to a fine of up to \$1,000 per day.		
		b.	Inspection of Stormwater Improvements – Wake County agents have the right to inspect sites to determine whether stormwater improvements are being installed and maintained in compliance with the ordinance.		
	14.	Validity of Plan, Lapse of Approval – An approved erosion and sedimentation control plan is valid for 2 calendar years from the date of approval. If a land disturbance permit has not been obtained within the 2-year period, the erosion and sedimentation control plan approval becomes null and void.			
\boxtimes	15.		ions Required Prior to Land Disturbance		
		a.	S&EC plan approval and land disturbance permit issued must be prominently displayed until all construction is complete, all permanent sedimentation and erosion control measures are installed and the site has been stabilized. A copy of the approved plan must be kept on file at the job site.		
	\boxtimes	b.	No person shall initiate a land-disturbing activity until notifying Wake County of the date that the land- disturbing activity will begin.		
\bowtie	16.	Aut	thority		
		a.	County officials may enter any property, public or private, at reasonable times for the purpose of investigating and inspecting the sites of any land-disturbing activity. No person shall refuse entry or access to any authorized representative or agent for the County who requests entry for purposes of inspections, and presents appropriate credentials, nor shall any person obstruct, hamper, or interfere with any such representatives while in the process of carrying out their official duties.		
		b.	Agents and officials of the County will periodically inspect land-disturbing activities to ensure compliance with the North Carolina Sedimentation Pollution Control Act, this article, or rules or orders adopted or issued pursuant to this article, and to determine whether the measures required in the erosion and sedimentation control plan are effective in controlling erosion and sedimentation resulting from land-disturbing activity.		

			Any land-disturbing activity wi	ll be the responsik	ility of the person(s) conducting the land disturbing	
	\boxtimes	c.	activity, including the property	owners. Failure t	o prevent off site sedimentation will be deemed a	
			violation of the erosion and se	dimentation contr	ol regulations of this article.	
					it should be noted that a rule to protect and maintain	
			•		ty became effective in 2006. The Neuse River Riparian	
					rennial and intermittent streams, lakes, ponds and	
			•	•	adjacent land or "riparian area". In riparian areas with	
	47				acent to the stream, the rule prohibits land disturbance,	
\square	17.		•		eet of land next to the water. In riparian areas with forest	
		-			hits land disturbance, new development and fertilizer use the entire 50-foot riparian area). For more information
