Subject: Traffic Counts

Re: Project ID 1308733; Franco Masonry & Concrete

Dear Ms. Ferrell,

Traffic counts are estimated to be below 50 trip during the morning and afternoon peak hour, and below 150 average daily trips. The project consists of a small contactor yard and shop. Trips anticipated are listed below:

- Office and shop: 4 to 8 trips per day for full-time employees (arrival plus departure); 4 to 6 trips per day for visitors; 10-12 trips per day for truck drivers (person vehicles)
- Parking Area: 10-12 trips per day for trucks leaving and returning to site.

These numbers are based on current operations for the company. A min. of 20 average trips per day is anticipated with a approximately 38 trips maximum trips.

If you need additional information, please do not hesitate contacting me at (919) 624-0997 (m).

Sincerely yours,

A handwritten signature in blue ink that reads 'John F. Oglesby'.
